

# GREENSVILLE COMMUNITY PROFILE

# GREENSVILLE COUNTY

consists of 300 square miles located on the banks of the Meherrin River in Southside Virginia just north of the North Carolina state line. The community is directly connected to the entire Eastern Seaboard by interstate highways and rail service. Richmond, the state capital, is 65 miles to the north; the port of Norfolk is 80 miles east; and Raleigh, North Carolina is 95 miles southwest.

## Government

Greensville County has a County Administrator and a four-member Board of Supervisors; the county has a comprehensive plan and zoning and subdivision ordinances.

Emporia serves as the county seat. Jarratt is the only incorporated town within the county.

## Taxes

Localities in Virginia collect a 1% sales tax and do not tax other items taxed at the State level. Counties and cities in Virginia are separate taxing entities. Therefore, a company pays taxes either to a county or to a city. If a company is located in a town, it pays town and county taxes except for utility taxes which are paid only to the town and the license tax which is paid only to the town unless town law permits the additional collection of a county tax.

Manufacturers pay real estate, machinery and tools, truck and automobile utility, and sales taxes. Nonmanufacturers pay real estate, tangible personal property, truck and automobile, utility, and sales taxes. They also may pay either a merchants' capital or a license tax.
